

# Nadder Oil Buying Club

Our club has been running successfully for 3 years. Last year was our best on record with over 750,000 ltrs of heating oil ordered by members. Savings exceeded £10,000 as the benefits of buying as a community were reflected in lower prices.

We are now launching a new service.

## Monthly Payment Scheme

### How does it Work?

- \* Decide on a monthly amount that you wish to pay - roughly 10% of your annual spend on heating oil.
- \* Complete the application form and we will setup the monthly standing order.
- \* When you need oil just use your budget account to pay for your delivery.
- \* Your money is secure, we hold it in dedicated accounts and it's available to withdraw if you leave the scheme..

There are a few rules - please read the guide online.

Your account is linked to your club account and you can check your balance online at anytime.

How do I find out more and **register?**

**nadder.oilbuyingclub.com**

**A NEW way to SAVE MONEY on heating oil.**
